Note 1: only Runners who are members of an East Sussex participating club can qualify for an individual awards. However the results for all participating clubs are shown on the cumulative results sheet.

Note 2: only participating East Sussex Clubs can qualify for team awards. However the results for all club are shown on the All Teams results sheet

Note 3: runners must have completed at least 3 races to qualify for an award

Note 4: where two runners or two clubs for the team awards score the same points position if determined by count back highest to lowest qualifying score

So if runner A's highest point score is higher then runner b then runner A is first, if they have the same highest score comparison in made for the second score etc. Should all points match for the scoring races then they will be marked as joint for that position: an award will be given to both runners: however at the awards presentation we will only have one award so an additional awards will be provided later.

Please note that account is only taken of scoring races: we do not look at total points across all races run.
